Sir/Madam,

It is known that International Women's Day is celebrated on 8th March every year. It is a day dedicated to honoring the achievements of women throughout history and all across the globe, and is typically a day for women from all different backgrounds and cultures to band together to fight for gender parity and women's rights. It is planned that all the Constituent and Affiliated college of Anna University may conduct at least anyone activity related to Women's day. The activity may be lecture (webinar), competition (essay or poster designing online), by placing awareness posters in college notice boards or any awareness program.

The report along with pictures of the awareness conducted may be submitted to POSH Cell mail ID "auposh@annauniv.edu"

The official letter is attached for your reference.

Thanks and Regards,

Respected Sir/Madam,

Dr. Stee Derilcse In order to create and maintain a community in which teaching, non-teaching staff and students can work together in an environment free of sexual violence and harassment, the Prevention of Sexual Harassment cell understands that an activity related to POSH is essential to be held.

With the approval of Vice Chancellor, it is planned that all the affiliated college of Anna University may conduct at least anyone activity related to POSH every semester.

The circular is enclosed for your reference.

Thanks and Regards,

Our students are active members of CSI,I STE, SIESRP and IEI. The alumni of CSE were pursuing higher studies in top notch universities like University of Illinois, University of Texas, University of Michigan, RMIT-Australia, UTS-Sydney, NYS-Singapore, University of Carnegie Mellon and so on.

TRAINING DETAILS

Sri Sairam Institute of Technology organizing as Technology based Entrepreneurship Development Programme(TEDP) of 6 weeks duration, aims at training potential entrepreneurs of Science and Technology graduates and the diploma holders.

PC Troubleshooting & Hardware Maintenance Based EDP primarily focuses on training and development need of entrepreneurs in a specific technology. The participants are provided with hands-on training in indigenous technologies development for commercial exploitation.

In TEDP, 50 persons, having a degree/diploma are trained through a structured training programme. The TEDP provides training on motivational management areas besides actual hands-on training in the specific technology areas by technology experts.

PROGRAMME OBJECTIVE

This Entrepreneurship Development Programme in PC Troubleshooting & Hardware Maintenance is to,

- 1. Learn basic information on the major parts of a PC, cables and connectors, basic PC maintenance, and the care and feeding of printers.
- 2. Discover the motherboard, CPU, RAM, hard drive, and other key pieces of PC hardware.
- 3. Introduce yourself to PC operating systems
- 4. Identify, handle, and install system RAM, as well as how to access and navigate CMOS setup, flash the BIOS, and troubleshoot various memory errors.
- 5. Explore common Internet issues, including how to troubleshoot connectivity problems, optimize your browser settings, and get a handle on nuisances such as pop-ups and spyware.

TARGET GROUP

Participants in the age group: 18 to 40 years, possessing degree/Un employed/ diploma in engineering/technology/science.

MODE OF EVENT: Online Platform

PROGRAMME OUTCOMES

- Entrepreneurship& schemes of Assistance
- Consolidation of Business Idea
- Motivational Input
- Technical Training / Exposure

RESOURCE PERSONS:

Entrepreneurs/Industry Experts/ Consultants/ Representatives from Government Agencies/ Faculty from Sairam Institutions. Full time virtual program without any fees. Successful completion of the program participants will receive a certificate.

ABOUT THE INSTITUTION

SRI SAI RAM INSTITUTE OF TECHNOLOGY (SSIT), one of the premier Autonomous institutions in Tamil Nadu is approved by All India Council for Technical Education (AICTE), a zenith division of the Government of India. This prestigious institution has been pioneered in the year 2008 by a great Philanthropist, MJF.Ln. LEO MUTHU, Managing Director of LEO GROUP OF COMPANIES in the name of "SAPTHAGIRI EDUCATIONAL TRUST" at Sai Leo Nagar, near Tambaram. To add to its pride, the institution is recertified as ISO 9001:2015 Certified institution as well, the institution has been accredited with "A+" grade with the CGPA of 3.30 by the Executive Committee of NAAC. Besides, five departments (CSE, MECH, IT, EEE, ECE) have been accredited for 3 years by the NBA Expert Team. The institution has also reached 192th position amongst the Top 200 Engineering Institutions (all over India) in the National Institutional Ranking Frame work (NIRF) by the Ministry of Human Resource and Developments, Govt., of India. In addition, the college has ranked "Third" for maintaining, promoting and encouraging the culture of "SWACHHATA" among Higher Educational Institutions across India, in SWACHH CAMPUS RANKING 2018, conducted by Ministry of HRD, Government of India. These achievements show the spectacular vision of the institution. The college has awarded as a best performing MHRD-Institute Innovation Council (IIC) in the year 2018-2019 by MHRD Innovation Cell for highest achievements in Entrepreneurship and innovation activities done by the Institute. The institution has been fortune to have the ingenious management, for their prudence to provide leading-edge opportunities and infrastructure for the students to excel in all aspects: Academic, Professional, Leadership, Entrepreneurship development to face the Global challenges. Since its inception, the institution has received wide recognition among the public and it has been consistently ranked among the top fifteen engineering institutions under Anna University in Tamil Nadu. The institution has well established Innovation and entrepreneurship development centre IEDC - funded by Department of science and technology, New Delhi.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering is accredited by NBA, AICTE and has acquired Autonomous status under Anna University, Chennai. The alacrity of the students to learn makes it easier for the Department of Computer Science and Engineering to produce top-notch Engineers. CSE Department is equipped with 24 well experienced faculty and 5 supporting staff. The Department has a PG course in "ME-Big Data Analytics". Every year Department produces at least 10 rank holders. The Department has Centre of Excellences for Red Hat, Cisco, Oracle, Salesforce, VMWare & Data Science and Big Data Analytics. The students of CSE were placed in top MNC companies like TCS, WIPRO, Inautix, CTS, ZOHO, L&T InfoTech, Amazon and so on. Every year funding is acquired from AICTE and DST in the form of STTP, Conferences and Projects. The Department has signed MoU's with ICTACT, Red Hat Academy, Cisco

OBJECTIVES OF THE STTP

- To expose the participants to the concept of Data Analysis using Python Based Machine Learning Technique.
- To discuss many additional concepts, techniques, and algorithms in machine learning.
- To expose the participants about the recent technological developments in the field of Machine Learning.

RESOURCE PERSONS

Experts from IIT, NIT, Anna University and Industries will conduct the sessions in the programme.

ELIGIBILITY TO PARTICIPATE

Faculty members, industry person and research scholars, belonging to AICTE approved technical Institutions, and such Universities can participate in the programme.

Last Date for Registration : 30.07.2020

Intimation of selection : 01.08.2020

The maximum number of participants is limited to 100. Preference will be given to early registered candidates.

ABOUT THE FACULTY DEVELOPMENT PROGRAMME

Machine Intelligence and Learning is a fast-growing field concerned with the study and design of computer algorithms for learning good representations of data, at multiple levels of abstraction. This growth is mainly driven by the explosive growth of diverse applications of Artificial Intelligence in production, the continued growth in data volume and the complexity of large-scale learning systems. To lay better foundation for the future – to make the connection, smartening world smarter and to embrace AI for the benefit of society, advances in AI and Deep Learning, their new innovative applications, and challenges and lessons learned need to be shared and discussed. This Program will facilitate AI researchers and Academicians to share their expertise and knowledge with participants. It will provide an interactive forum for discussion on recent and on-going developments, key issues, challenges and practices related to Machine Intelligence and Computing.

Faculty Performance Appraisal & Development System (FPADS)

Academic Year 2020-21

This appraisal will form the primary basis for determining the performance level that merits continued employment, promotion, annual increment, etc. The document will serve as a reflection of the faculty performance and facilitate means for continuous improvement in their career.

Each year, every faculty member will undergo evaluation to identify and assess his/her strengths and weaknesses in work performance. The appraisal will be carried out by the Faculty Performance Appraisal Panel (FPAP) chaired by the Appraisal Committee.

Chapter I. READING YOUR REPORT

You must be having a lot of questions about your skills, personality and employability. **AMCAT Employability Report** will not only help answer these questions, but will become your guide for deciding next steps on your career path. It will tell you what to study, what interviews to prepare for and how to prepare. Refer to the following tips to understand how to make this report a means to get closer to your dream job.

- Start by referring to the 'YOUR AMCAT SCORE SUMMARY' chapter of your report. This chapter has all the key highlights for you. You will get to know where you stand nationally in different AMCAT modules, a snapshot of your personality and your employability in different job profiles and sectors. The summary chapter is the key. You should understand everything in it to know where you stand in the job market. For each section in the summary chapter, we mention the chapter having additional information about the section. Wherever you are unable to understand or want more information, refer to the respective chapter.
- >> The chapter 'Your Profile and Industry Fit' is very important. The following tips will help you use it to make an action plan for next few months:
 - a. For profiles where your employability is high, you should start refreshing your knowledge for an interview for them. You may soon get interview calls for these.
 - b. You might find certain profiles where you have high employability, but are not the ones that interest you or you know much about. We will seriously recommend that you explore more about these profiles, find information about them and re-evaluate your interest. These can provide you an interesting career path which you may not have considered till now.
 - c. For those profiles where your employability is medium/low but interest you, understand your skill gap and start studying to improve on these areas. You may get an interview call for some of these, but you will have to work really hard to clear the interview. To increase your chances to get interview calls in such profiles, you should improve on your skills and re-take AMCAT after three months. The modules you should concentrate on for a profile is mentioned in the **chapter V**. A better AMCAT score can improve your interview chance in these profiles.
- >> Finally, this report can guide you on how to improve your weak areas. Refer to **Chapter III** to know within each module, which sub-modules you need to particularly improve. Work on these. Refer to **Chapter VI** to not only get helpful references to improve your weak areas, but also get a time schedule you can use.

Your Action Plan

		INTEREST	
		HIGH	MEDIUM/LOW
oyability	HIGH	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.
Emplo	MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.

We hope you will immediately start working on this action plan to succeed in interviews and position yourself to get interview calls for your profiles of interest. Best of luck!

Chapter II. YOUR AMCAT SCORES

Abishek Ganesan AMCAT ID: 349190432044496

Your AMCAT Score

- AMCAT an intelligent adaptive test. Your AMCAT score is not equal to the number of questions answered correctly. The score is calculated by an advanced statistical engine, which takes into consideration questions difficulty, discrimination, guess probability and several other factors.
- The bar is a representation of your performance in the module. The tick in each bar represents the 50 percentile score of all candidates of your category.
- Score of one module should not be compared with the score of another, but should be compared against the 50 percentile point of that module.
- Your score is on a scale of 100 to 900 with 100 being the minimum and 900 maximum

Your Personality Scores

- Extraversion (E) An extroverted, talkative, socially confident person
- Conscientiousness (C) An organized, responsible, hardworking & achievement oriented person
- Emotional Stability (ES) A calm, happy, undisturbed & confident person
- Openness To experience (O) A broad-minded, unconventional, imaginative person with rich artistic sensitivity
- Agreeableness (A) A kind, sympathetic, cooperative & warm person
- Polychronicity (P)A multitasker

Your Job Fit

Chapter III. MODULE FEEDBACK

This Chapter provides a detailed feedback about your performance in each AMCAT module. It shall provide your AMCAT score and more importantly your AMCAT percentile, which shall tell you where you stand in the modules across all job-seekers across the Nation with similar education.

Furthermore, the chapter goes into details of which sub-module within a module did you perform well in and where you lacked. It will suggest where to put more effort and also provide tips on what kind of effort you should put in.

SECTION I: YOUR AMCAT REPORT CARD

Module	Score	Grade	National Percentile
English Comprehension	330	С	10%
Quantitative Ability (Advanced)	570	А	74%
Logical Ability	635	Α	98%
Mechanical Engineering (Level 4)	536	А	81%
Automata	7 out of 100	of	actices Score: 0
Automata Fix	0 out of 100		

- Overall percentile is your percentile amongst all the candidates (belonging to the same degree as yours) tested by us nationally till now. If your overall percentile for a module is NA, it means we do not calculate percentile for that module
- If your reported score is -1, it means you have attempted less than the minimum number of questions required in that section. In such a case no score is reported. A score of -2 means you did not attempt the module. NA: Not Available
- Grade Information: grade tells you where you stand amongst all the people who have taken AMCAT till now.
 A: First 33% B: Second 33% C: Last 34%

SECTION II: YOUR PERFORMANCE CHAKRA

Our Performance Chakra provides you with a bird's-eye view of your performance in different sections of modules you have attempted. The three levels indicate your performance as poor, average or good.

Performance Chakra: You have done really well in sub-modules marked in green, average in those in yellow and poorly in those in pink. If a section is without a color, it means you did not answer enough questions in the subsection to get an evaluation in it.

SECTION III: YOUR PERSONALIZED FEEDBACK

This section provides you a personalized feedback automatically generated by our artificial intelligence engine. Based on your strong and weak areas in a module, it provides you with suggestions and tips to improve yourself.

English Comprehension

You need to work hard on your English Comprehension skills. According to our analysis, you severely lack in English skills. Good English language skills go a long way in uplifting one's career. The best way to learn English is to rigorously practice speaking, reading and writing in English. You should read English articles, magazines, newspapers, books and communicate in English in order to excel in this language. You need to overcome the starting trouble. Next time you decide to chat with your friends, make sure it is in English. Also, going through a basic book on English grammar and vocabulary would help you a lot. It is entirely possible to master this language. You just need to have faith and work hard!

Tips / Suggestions for You

- We suggest that you use a dictionary and a thesaurus extensively.
- Read small stories (or articles) and rewrite them in your own words. Get them checked by someone with good English.
- Scribble the key points in the paragraph while you are reading it. This will help you find answers to questions easily.

Quantitative Ability (Advanced)

Your performance in Quantitative Ability (Advanced) is amongst the top. According to our analysis, you have mathematical bent of mind. Your basic concepts are clear in all relevant areas of Quantitative Ability. However, you need to practice questions in each topic to attain higher level of performance. You do have the potential to excel. You just need some determination and hard work. All the best!

Tips / Suggestions for You

• For permutation-combination, make sure you understand the situation mentioned in the question well before application of any formula.

Logical Ability

Your performance in Logical Ability is very good. You are an expert in drawing inferences, spotting patterns and solving puzzles. We are sure you know that the only way to sustain and improve this ability is to regularly practice more and more difficult questions. All the best!

Automata Fix

You need to work hard on your Automata Fix skills. You need to put substantial effort into learning to read source codes and error messages and understanding what a set of coding instructions is trying to achieve. The next step is to become familiar with a programming language and its compiler. You canthen start writing source codes for simple problems in the chosen language. Being able to understand and diagnose source code issues is an important part of the daily routine of a software engineer. You can learn this skill by solving simple programming problems through writing codes for them and by trying to understand the meaning of error messages that can occur when a code is compiled.

SECTION IV: YOUR AUTOMATA FEEDBACK

This chapter provides you the detail of your performance in Automata modules.

Chapter IV. YOUR PERSONALITY

The purpose of this Chapter is to provide you an analysis of your personality and give you an insight in your behavioral aspects. The analysis done is on the basis of your responses to AMPI (Aspiring Minds Personality Inventory). AMPI is a reliable and valid personality test based on global standards.

Different sub-sections of this chapter are especially designed to provide a broad view on numerous aspects related to your personality. This Chapter contains the following main sections:

- Your Personality Score
- Description of your personality
- Your Personality type.

A word of caution: Trait scores of HIGH or LOW may not be equated to being GOOD or BAD. There are no good or bad personalities. Secondly, this test or Chapter does not measure or indicate any psychological disorder or otherwise. Every individual has a unique personality and this report provides an indication of the same. Candidates with different personality combinations do well in handling different kind of situations and perform well in different jobs. There is no absolute metric personality. Lastly, this Chapter is best interpreted by a trained psychologist.

SECTION I: YOUR PERSONALITY SCORES

Your personality assessment shall be provided on the following traits:

These traits are based on the Big Five Model of personality, now globally accepted as the most scientific and validated model of personality.

The table and figure below shows your Z-score and percentile in each trait. Each bar represents your Z-score in a personality trait.

Trait	Region	Percentile	Z- score
Extraversion	High	87%	1.11
Conscientiousness	High	100%	2.38
Emotional Stability	Low	16%	-0.97
Openness to Experience	High	98%	1.95
Agreeableness	High	91%	1.33
Polychronicity	Medium	48%	-0.06

Scores and Their Interpretation:

- a. For each trait, you have been classified as being LOW, MEDIUM or HIGH. It should be noted that this classification is not an absolute one, but a relative one. These classifications are based on our national norms on a sample of entry-level job aspirants. For instance, a person, who is high on Extraversion, is as extraverted as the top 33% people in our norm group. He/she may not still be extraverted enough for a given role or a standard set by another individual.
- b. A low percentile does not mean bad performance and high percentile does not mean good performance, as there is no concept of performance in personality.
- c. For each trait, a Z-score is provided. The Z-score measures the number of standard deviations the score is away from mean of norm. A Z-score more than +0.44 means the candidate is in the top 33%, whereas a Z-score of less than -0.44 represents the candidate is in the lowest 33%.
- d. This report is best interpreted by a psychologist. The candidate is strongly advised not to take any action on the basis of this report without referring to a well-qualified psychologist.

SECTION II: DESCRIPTION OF YOUR PERSONALITY

This section provides you a detailed description of your personality traits.

Your score indicates you are **High** on Extraversion.

Extraversion is defined as one's inclination towards the outer world. Individuals with high extraversion can be characterized as social, talkative and assertive. They like the company of people and enjoy social gatherings. They need external stimulation and get energized while interacting with people. They have lots of friends and thrive for making new social contacts. They like to work in groups and prefer to lead others.

You like to engage with the external world, be among people and interact with them. You are assertive of your view and prefer to lead rather than follow. You seek lot of excitement and like to engage in high energy and thrilling activities. You enjoy social gatherings and feel more comfortable being surrounded by people.

Your score indicates you are **High** on Conscientiousness.

Conscientiousness has been called by some psychologists as the Will to Achieve. It is generally seen to have two components, one of striving for achievement and the other of dependability. The latter is characterized by being thorough, organized and responsible. The former is related to volitional variables such as hardwork,

perseverance and orientation towards achievement.

You are punctual, well organized and believe in self-discipline. You like everything in order and follow processes, plans and rules. You are a perfectionist, pay good attention to detail and work methodically to achieve your goals. You can be relied upon to get things done well. You are well-motivated, determined and have a good sense of direction in life.

Emotional Stability

Your score indicates you are **Low** on Emotional Stability.

Emotional stability refers to being in a state of psychological steadiness. Emotionally stable people are even tempered and relaxed and they tend to have higher emotional intelligence. On the other hand, people low on emotional stability are likely to experience negative emotions like anxiety, depression, embarrassment and insecurity on small stimuli from the environment. These people have a tendency to exaggerate minor mutations.

You are generally anxious, emotional and prone to worry. You could get angry and frustrated with others and are generally sensitive. You get easily stressed out and are prone to give in to your impulses and feel self-conscious. You have frequent mood swings and often feel depressed and sad.

Openness to Experience

Your score indicates you are **High** on Openness to Experience.

Openness to Experience is associated with being broad-minded, unconventional, having a rich artistic sensitivity and being curious and imaginative. This has been a trait hard to identify and has been called as intellect, culture or openness to experience by various psychometricians. Open individuals are creative, willing to challenge authority and entertain new ideas. They have intuitive thinking and can adapt to change easily. They are progressive and prefer to explore new ways and ideas of doing things.

You have a strong aesthetic sense, appreciate beauty and experience varied emotions and feelings. You have broad interests, are keen to try out different things and have a rich imagination. You are highly creative and self-confident, and can visualize things easily.

Agreeableness

Your score indicates you are **High** on Agreeableness.

Agreeableness refers to social conformity, friendliness, compliance and altruism. Agreeable people are sympathetic to others, help others and trust others to help them too in return. They are popular amongst their colleagues and do not believe in manipulating people. Agreeable people are good for customer relationship profiles and work well in teams.

You come across as warm and compassionate. You care for others, are generous, helpful and modest. You make sure you do not hurt anyone and are trusting of others. You are straightforward, understanding and humble. You see other people as honest and trustworthy and believe in what they say.

Polychronicity

10 20 30 40 50 60 70 80 90 100

Your score indicates you are **Medium** on Polychronicity.

The Multi-tasking trait is defined as the extent to which the person prefers to engage in more than one tasks simultaneously and believes that this is a productive work style. Individuals high on this trait shall like to engage in multiple activities at a given time, whereas those low shall prefer to just do one thing at a time. This trait measures the personality disposition of a person to multi-task and does not measure the ability to do so.

You have a medium score on the multi-tasking scale. This shows that you neither have a strong preference nor dislike for performing multiple tasks simultaneously. You are neither very inclined towards doing multiple tasks at the same time, nor do you want to just handle one project at time. Whether or not you will succeed in a polychronous environment depends largely on your ability to do so.

SECTION III: YOUR PERSONALITY TYPE

Based on your personality traits, your personality type is determined as below.

|--|

In general, you are charming, warm, gracious, creative and diverse. You are externally focused and have excellent people skills. You are warm and have a natural desire to be supportive and encouraging. You place utmost importance on helping others grow. You have a special talent for bringing out the best in others. You are good at leading and facilitating teams, and like to bring matters to mutually beneficial conclusions.

You have tremendous power to manipulate others with your phenomenal interpersonal skills. You enjoy organizing group activities and tend to take your commitments seriously. In general, you are reliable and do not like to disappoint others. You are loyal and expect the same from others. You tend to consider others' feelings before your own. You are sensitive to praise and criticism, and seek to conform to others' reasonable expectations.

Chapter V. YOUR INDUSTRY AND JOB FIT

This chapter explains your job fit in various profiles in different industry sectors.

AMCAT is today used by leading corporations across the country to look for the right talent. Based our learning's from working with these corporates, we have developed statistical models of what scores make a candidate succeed in a given job profile. Based on your AMCAT scores and our statistical model, we can predict which job profiles you best fit in. We can also find out the profiles for which you aren't currently ready and what subjects you need to study to become employable in them.

This section shall provide you information about your employability in different job profiles and what all you need to improve to become more job fit. It will also provide a glimpse in the score cut-offs for different profiles.

Section I: YOUR JOB FIT

Job Profile	Your chance of selection for these job profiles.	Job profile criteria and areas to work on for improving your chances	
		Engineering/IT Jobs

Creative Content Developer	Low	These companies look for candidate with proficiency in English with good reasoning abilities. You have to work hard in English Comprehension.	

Section II: SELECTION COMPARATOR

The graphs below show the minimum cut-off in each module every job profile (marked with solid blue lines). It also shows your AMCAT score, which is represented by a dot and connected through dotted lines. You can compare different job profiles cutoffs with your score to get an idea about how well or poorly you do with respect to each module for a given profile.

^{*} For some profiles personality scores have also been considered.

We hope you have read this Chapter seriously and plan to take next steps based on your interest and employability for different job profiles. We recommend the following action plan:

		INTEREST	
		HIGH	MEDIUM/LOW
oyability	нібн	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.
Emple	MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.

Work hard and you will soon be able to crack a job in a profile of your interest. The next chapter will provide some tips to you to improve yourself in different modules.

Chapter VI. IMPROVE YOUR EMPLOYABILITY

To be able to improve your employability you need to concentrate on improving your weak areas while maintaining your strengths. This chapter shall guide you to resources and a plan to do this. Based on your weak areas as enumerated in Chapter III and improvement areas for specific job profiles(discussed in Chapter V), you should take next steps to improve your employability. To do this effectively you need to pick the right books/resources/training for each area and spend a balanced amount of time on across subjects.

Our intelligent feedback system, based on your weaknesses and strengths has picked material to refer to and created a study time schedule. Both when used effectively can help you improve your employability substantially.

SECTION I: REFERENCES

Based on your AMCAT report, we have picked authoritative resources to help you improve. The references are custom generated for you according to your performance in AMCAT. These resources are free to access over the internet and should come handy in your endeavor to improve your employability.

SECTION II: SUGGESTED TIME SCHEDULE

Based on your performance, we have come up with a time schedule. By following this time schedule, you can ensure that you will continue to maintain your strong modules, while improve substantially in those that are lacking.

The pie chart below, tells you about how much time you should ideally be spending on different modules. Always remember, it is required to spend a fixed amount of time on all modules even though you might be strong in them. Perfection is said to come from continuous practice.

And for the modules in which you might be lagging a bit, there is always time for improvement. So just put your chin down and start working on them from today. It has to start somewhere, it has to start sometime. What better place than here, what better time than now?

We also provide you a time split for each section in the module. Based on your performance, we automatically adjust times so that you spend more time on weak sub-sections in a module and less in others. This is contrary to what students generally do! They keep doing questions which they are able to solve and do not attempt those which they find tough. To improve your weak areas, you just need to do the opposite. Spend more time preparing for weak areas, even if it takes more time to learn and practice it.

We hope that your performance analysis has helped you understand your strengths and weaknesses. Let us now understand what your next steps should be.

Chapter VII. NEXT STEP

Your AMCAT experience is still not over!

Assessment is a continuous process which does not end with just an evaluation. In fact this is just the beginning. You need to work hard to succeed in tests and interviews of companies and finally do wonders at the job.

During the next three weeks, you will be automatically enrolled in the AMCAT Job-Readiness Capsule to help you get closer to your dream company interview. We will interact with you on a regular basis via emails to guide you through the capsule and check your progress. We will send you SMSes with helpful tips, guidance and employability updates for the next 3 months. Make sure you not only read these SMSes, but also do the things they recommend. We will also guide you in making your resume and help you perform best at an interview. Make sure you regularly log into your myamcat.com account to make maximum use of these resources and tips.

Also, to make sure you receive the best job opportunities matching your profile, you need to keep your profile at myamcat.com upto date with your most recent information and contact details. Do not compromise here, lest you miss a desired interview opportunity!

We need your feedback

Throughout this report, we have provided you with feedback. We also look for your feedback!

It is our endeavor to continuously improve ourselves so that the user has a great test experience. Please contact us in case you have any feedback about the test or the test experience in general. Your valuable comments will help us in fixing the glitches, if any, in our system.

In case of any query, feedback or suggestion please log in to your myAMCAT account and fill up the form at www.myamcat.com/need-help.

A young man asked Socrates the secret to success. Socrates told the young man to meet him near the river the next morning. They met. Socrates asked the young man to walk with him toward the river. When the water got up to their neck, Socrates took the young man by surprise and ducked him into the water. The boy struggled to get out but Socrates was strong and kept him there until the boy started turning blue. Socrates pulled his head out of the water and the first thing the young man did was to gasp and take a deep breath of air. Socrates asked, 'What did you want the most when you were there?" The boy replied, "Air." Socrates said, "That is the secret to success. When you want success as badly as you wanted the air, then you will get it." There is no other secret.

A burning desire is the starting point of all accomplishment.

Just like a small fire cannot give much heat, a weak desire cannot produce great results...

Action taken:

The Staff members having minimum feedback (<70%) were counseled by the HOD with the following points.

- · DWDM's special coaching class was arranged
- Weaker students should be identified from Model exams and special coaching class should be given to them
- Practical scenario should be given as examples.
- Presentation skills should be improved with the students.
- 2 marks key answers should be given.

Lecture notes for all the 5 units should be given by the individual faculty

F.No. 33-358/2017-NBA

Dated: 17-10-2018

To The Principal Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai.600044, Tamil Nadu

Subject: Accreditation status of programmes applied by Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu.

Sir,

This has reference to your application I.D. No. 2229-09/02/2017 seeking accreditation by National Board of Accreditation in Tier-II format to UG Engineering programs offered by Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu.

2. An Expert Team conducted on-site evaluation of the programs from 6th to 8th July, 2018. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Electrical & Electronics Engineering		Accredited		
2.	Computer Science & Engineering	Tier-II	Accredited	Academic Years 2018-2019 to	Accreditation status granted is valid for the period indicated in
3.	Mechanical Engineering	June 2015 Document	Accredited	2020-2021 i.e. upto 30-06-2021	Col.5 or till the program has the approval of the competent authority,
4.	Electronics and Communication Engineering		Accredited		whichever is earlier
5.	Information Technology		Accredited		

- It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.
- 4. The programs have been granted accreditation for 3 years. Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible to be considered by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a revisit, as deemed appropriate by NBA Committees.

Limbo

Contd/...

- The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is programs accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.
- 6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.
- 7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.
- A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs are enclosed.
- 9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa) Member Secretary

Faculty Performance Appraisal & Development System (FPADS)

Academic Year 2020-21

This appraisal will form the primary basis for determining the performance level that merits continued employment, promotion, annual increment, etc. The document will serve as a reflection of the faculty performance and facilitate means for continuous improvement in their career.

Each year, every faculty member will undergo evaluation to identify and assess his/her strengths and weaknesses in work performance. The appraisal will be carried out by the Faculty Performance Appraisal Panel (FPAP) chaired by the Appraisal Committee.

Chapter I. READING YOUR REPORT

You must be having a lot of questions about your skills, personality and employability. **AMCAT Employability Report** will not only help answer these questions, but will become your guide for deciding next steps on your career path. It will tell you what to study, what interviews to prepare for and how to prepare. Refer to the following tips to understand how to make this report a means to get closer to your dream job.

- Start by referring to the 'YOUR AMCAT SCORE SUMMARY' chapter of your report. This chapter has all the key highlights for you. You will get to know where you stand nationally in different AMCAT modules, a snapshot of your personality and your employability in different job profiles and sectors. The summary chapter is the key. You should understand everything in it to know where you stand in the job market. For each section in the summary chapter, we mention the chapter having additional information about the section. Wherever you are unable to understand or want more information, refer to the respective chapter.
- >> The chapter 'Your Profile and Industry Fit' is very important. The following tips will help you use it to make an action plan for next few months:
 - a. For profiles where your employability is high, you should start refreshing your knowledge for an interview for them. You may soon get interview calls for these.
 - b. You might find certain profiles where you have high employability, but are not the ones that interest you or you know much about. We will seriously recommend that you explore more about these profiles, find information about them and re-evaluate your interest. These can provide you an interesting career path which you may not have considered till now.
 - c. For those profiles where your employability is medium/low but interest you, understand your skill gap and start studying to improve on these areas. You may get an interview call for some of these, but you will have to work really hard to clear the interview. To increase your chances to get interview calls in such profiles, you should improve on your skills and re-take AMCAT after three months. The modules you should concentrate on for a profile is mentioned in the **chapter V**. A better AMCAT score can improve your interview chance in these profiles.
- >> Finally, this report can guide you on how to improve your weak areas. Refer to **Chapter III** to know within each module, which sub-modules you need to particularly improve. Work on these. Refer to **Chapter VI** to not only get helpful references to improve your weak areas, but also get a time schedule you can use.

Your Action Plan

INTEREST					
		HIGH	MEDIUM/LOW		
Employability	HIGH	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.		
	MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.		

We hope you will immediately start working on this action plan to succeed in interviews and position yourself to get interview calls for your profiles of interest. Best of luck!

Chapter II. YOUR AMCAT SCORES

Abishek Ganesan AMCAT ID: 349190432044496

Your AMCAT Score

- AMCAT an intelligent adaptive test. Your AMCAT score is not equal to the number of questions answered correctly. The score is calculated by an advanced statistical engine, which takes into consideration questions difficulty, discrimination, guess probability and several other factors.
- The bar is a representation of your performance in the module. The tick in each bar represents the 50 percentile score of all candidates of your category.
- Score of one module should not be compared with the score of another, but should be compared against the 50 percentile point of that module.
- Your score is on a scale of 100 to 900 with 100 being the minimum and 900 maximum

Your Personality Scores

- Extraversion (E) An extroverted, talkative, socially confident person
- Conscientiousness (C) An organized, responsible, hardworking & achievement oriented person
- Emotional Stability (ES) A calm, happy, undisturbed & confident person
- Openness To experience (O) A broad-minded, unconventional, imaginative person with rich artistic sensitivity
- Agreeableness (A) A kind, sympathetic, cooperative & warm person
- Polychronicity (P)A multitasker

Your Job Fit

Chapter III. MODULE FEEDBACK

This Chapter provides a detailed feedback about your performance in each AMCAT module. It shall provide your AMCAT score and more importantly your AMCAT percentile, which shall tell you where you stand in the modules across all job-seekers across the Nation with similar education.

Furthermore, the chapter goes into details of which sub-module within a module did you perform well in and where you lacked. It will suggest where to put more effort and also provide tips on what kind of effort you should put in.

SECTION I: YOUR AMCAT REPORT CARD

Module	Score	Grade	National Percentile
English Comprehension	330	С	10%
Quantitative Ability (Advanced)	570	А	74%
Logical Ability	635	А	98%
Mechanical Engineering (Level 4)	536	А	81%
Automata	7 out of 100	Programming Ability Score: 1 out of 5 Programming Practices Score: 0 out of 4	
Automata Fix	0 out of 100		

- Overall percentile is your percentile amongst all the candidates (belonging to the same degree as yours) tested by us nationally till now. If your overall percentile for a module is NA, it means we do not calculate percentile for that module
- If your reported score is -1, it means you have attempted less than the minimum number of questions required in that section. In such a case no score is reported. A score of -2 means you did not attempt the module. NA: Not Available
- Grade Information: grade tells you where you stand amongst all the people who have taken AMCAT till now.
 A: First 33% B: Second 33% C: Last 34%

SECTION II: YOUR PERFORMANCE CHAKRA

Our Performance Chakra provides you with a bird's-eye view of your performance in different sections of modules you have attempted. The three levels indicate your performance as poor, average or good.

Performance Chakra: You have done really well in sub-modules marked in green, average in those in yellow and poorly in those in pink. If a section is without a color, it means you did not answer enough questions in the subsection to get an evaluation in it.

SECTION III: YOUR PERSONALIZED FEEDBACK

This section provides you a personalized feedback automatically generated by our artificial intelligence engine. Based on your strong and weak areas in a module, it provides you with suggestions and tips to improve yourself.

English Comprehension

You need to work hard on your English Comprehension skills. According to our analysis, you severely lack in English skills. Good English language skills go a long way in uplifting one's career. The best way to learn English is to rigorously practice speaking, reading and writing in English. You should read English articles, magazines, newspapers, books and communicate in English in order to excel in this language. You need to overcome the starting trouble. Next time you decide to chat with your friends, make sure it is in English. Also, going through a basic book on English grammar and vocabulary would help you a lot. It is entirely possible to master this language. You just need to have faith and work hard!

Tips / Suggestions for You

- We suggest that you use a dictionary and a thesaurus extensively.
- Read small stories (or articles) and rewrite them in your own words. Get them checked by someone with good English.
- Scribble the key points in the paragraph while you are reading it. This will help you find answers to questions easily.

Quantitative Ability (Advanced)

Your performance in Quantitative Ability (Advanced) is amongst the top. According to our analysis, you have mathematical bent of mind. Your basic concepts are clear in all relevant areas of Quantitative Ability. However, you need to practice questions in each topic to attain higher level of performance. You do have the potential to excel. You just need some determination and hard work. All the best!

Tips / Suggestions for You

• For permutation-combination, make sure you understand the situation mentioned in the question well before application of any formula.

Logical Ability

Your performance in Logical Ability is very good. You are an expert in drawing inferences, spotting patterns and solving puzzles. We are sure you know that the only way to sustain and improve this ability is to regularly practice more and more difficult questions. All the best!

Automata Fix

You need to work hard on your Automata Fix skills. You need to put substantial effort into learning to read source codes and error messages and understanding what a set of coding instructions is trying to achieve. The next step is to become familiar with a programming language and its compiler. You canthen start writing source codes for simple problems in the chosen language. Being able to understand and diagnose source code issues is an important part of the daily routine of a software engineer. You can learn this skill by solving simple programming problems through writing codes for them and by trying to understand the meaning of error messages that can occur when a code is compiled.

SECTION IV: YOUR AUTOMATA FEEDBACK

This chapter provides you the detail of your performance in Automata modules.

Chapter IV. YOUR PERSONALITY

The purpose of this Chapter is to provide you an analysis of your personality and give you an insight in your behavioral aspects. The analysis done is on the basis of your responses to AMPI (Aspiring Minds Personality Inventory). AMPI is a reliable and valid personality test based on global standards.

Different sub-sections of this chapter are especially designed to provide a broad view on numerous aspects related to your personality. This Chapter contains the following main sections:

- Your Personality Score
- Description of your personality
- Your Personality type.

A word of caution: Trait scores of HIGH or LOW may not be equated to being GOOD or BAD. There are no good or bad personalities. Secondly, this test or Chapter does not measure or indicate any psychological disorder or otherwise. Every individual has a unique personality and this report provides an indication of the same. Candidates with different personality combinations do well in handling different kind of situations and perform well in different jobs. There is no absolute metric personality. Lastly, this Chapter is best interpreted by a trained psychologist.

SECTION I: YOUR PERSONALITY SCORES

Your personality assessment shall be provided on the following traits:

These traits are based on the Big Five Model of personality, now globally accepted as the most scientific and validated model of personality.

The table and figure below shows your Z-score and percentile in each trait. Each bar represents your Z-score in a personality trait.

Trait	Region	Percentile	Z- score
Extraversion	High	87%	1.11
Conscientiousness	High	100%	2.38
Emotional Stability	Low	16%	-0.97
Openness to Experience	High	98%	1.95
Agreeableness	High	91%	1.33
Polychronicity	Medium	48%	-0.06

Scores and Their Interpretation:

- a. For each trait, you have been classified as being LOW, MEDIUM or HIGH. It should be noted that this classification is not an absolute one, but a relative one. These classifications are based on our national norms on a sample of entry-level job aspirants. For instance, a person, who is high on Extraversion, is as extraverted as the top 33% people in our norm group. He/she may not still be extraverted enough for a given role or a standard set by another individual.
- b. A low percentile does not mean bad performance and high percentile does not mean good performance, as there is no concept of performance in personality.
- c. For each trait, a Z-score is provided. The Z-score measures the number of standard deviations the score is away from mean of norm. A Z-score more than +0.44 means the candidate is in the top 33%, whereas a Z-score of less than -0.44 represents the candidate is in the lowest 33%.
- d. This report is best interpreted by a psychologist. The candidate is strongly advised not to take any action on the basis of this report without referring to a well-qualified psychologist.

SECTION II: DESCRIPTION OF YOUR PERSONALITY

This section provides you a detailed description of your personality traits.

Your score indicates you are **High** on Extraversion.

Extraversion is defined as one's inclination towards the outer world. Individuals with high extraversion can be characterized as social, talkative and assertive. They like the company of people and enjoy social gatherings. They need external stimulation and get energized while interacting with people. They have lots of friends and thrive for making new social contacts. They like to work in groups and prefer to lead others.

You like to engage with the external world, be among people and interact with them. You are assertive of your view and prefer to lead rather than follow. You seek lot of excitement and like to engage in high energy and thrilling activities. You enjoy social gatherings and feel more comfortable being surrounded by people.

Your score indicates you are **High** on Conscientiousness.

Conscientiousness has been called by some psychologists as the Will to Achieve. It is generally seen to have two components, one of striving for achievement and the other of dependability. The latter is characterized by being thorough, organized and responsible. The former is related to volitional variables such as hardwork,

perseverance and orientation towards achievement.

You are punctual, well organized and believe in self-discipline. You like everything in order and follow processes, plans and rules. You are a perfectionist, pay good attention to detail and work methodically to achieve your goals. You can be relied upon to get things done well. You are well-motivated, determined and have a good sense of direction in life.

Emotional Stability

Your score indicates you are **Low** on Emotional Stability.

Emotional stability refers to being in a state of psychological steadiness. Emotionally stable people are even tempered and relaxed and they tend to have higher emotional intelligence. On the other hand, people low on emotional stability are likely to experience negative emotions like anxiety, depression, embarrassment and insecurity on small stimuli from the environment. These people have a tendency to exaggerate minor mutations.

You are generally anxious, emotional and prone to worry. You could get angry and frustrated with others and are generally sensitive. You get easily stressed out and are prone to give in to your impulses and feel self-conscious. You have frequent mood swings and often feel depressed and sad.

Openness to Experience

Your score indicates you are **High** on Openness to Experience.

Openness to Experience is associated with being broad-minded, unconventional, having a rich artistic sensitivity and being curious and imaginative. This has been a trait hard to identify and has been called as intellect, culture or openness to experience by various psychometricians. Open individuals are creative, willing to challenge authority and entertain new ideas. They have intuitive thinking and can adapt to change easily. They are progressive and prefer to explore new ways and ideas of doing things.

You have a strong aesthetic sense, appreciate beauty and experience varied emotions and feelings. You have broad interests, are keen to try out different things and have a rich imagination. You are highly creative and self-confident, and can visualize things easily.

Agreeableness

Your score indicates you are **High** on Agreeableness.

Agreeableness refers to social conformity, friendliness, compliance and altruism. Agreeable people are sympathetic to others, help others and trust others to help them too in return. They are popular amongst their colleagues and do not believe in manipulating people. Agreeable people are good for customer relationship profiles and work well in teams.

You come across as warm and compassionate. You care for others, are generous, helpful and modest. You make sure you do not hurt anyone and are trusting of others. You are straightforward, understanding and humble. You see other people as honest and trustworthy and believe in what they say.

Polychronicity

10 20 30 40 50 60 70 80 90 100

Your score indicates you are **Medium** on Polychronicity.

The Multi-tasking trait is defined as the extent to which the person prefers to engage in more than one tasks simultaneously and believes that this is a productive work style. Individuals high on this trait shall like to engage in multiple activities at a given time, whereas those low shall prefer to just do one thing at a time. This trait measures the personality disposition of a person to multi-task and does not measure the ability to do so.

You have a medium score on the multi-tasking scale. This shows that you neither have a strong preference nor dislike for performing multiple tasks simultaneously. You are neither very inclined towards doing multiple tasks at the same time, nor do you want to just handle one project at time. Whether or not you will succeed in a polychronous environment depends largely on your ability to do so.

SECTION III: YOUR PERSONALITY TYPE

Based on your personality traits, your personality type is determined as below.

You are a "Giver"

In general, you are charming, warm, gracious, creative and diverse. You are externally focused and have excellent people skills. You are warm and have a natural desire to be supportive and encouraging. You place utmost importance on helping others grow. You have a special talent for bringing out the best in others. You are good at leading and facilitating teams, and like to bring matters to mutually beneficial conclusions.

You have tremendous power to manipulate others with your phenomenal interpersonal skills. You enjoy organizing group activities and tend to take your commitments seriously. In general, you are reliable and do not like to disappoint others. You are loyal and expect the same from others. You tend to consider others' feelings before your own. You are sensitive to praise and criticism, and seek to conform to others' reasonable expectations.

Chapter V. YOUR INDUSTRY AND JOB FIT

This chapter explains your job fit in various profiles in different industry sectors.

AMCAT is today used by leading corporations across the country to look for the right talent. Based our learning's from working with these corporates, we have developed statistical models of what scores make a candidate succeed in a given job profile. Based on your AMCAT scores and our statistical model, we can predict which job profiles you best fit in. We can also find out the profiles for which you aren't currently ready and what subjects you need to study to become employable in them.

This section shall provide you information about your employability in different job profiles and what all you need to improve to become more job fit. It will also provide a glimpse in the score cut-offs for different profiles.

Section I: YOUR JOB FIT

Job Profile	Your chance of selection for these job profiles.	Job profile criteria and areas to work on for improving you chances		
		Engineering/IT Jobs		
Software Engineer- IT Services	Low	These companies are basically looking for good English and Logical skills with average Quantitative ability. You have to work hard in English Comprehension.

Creative Content Developer	Low	These companies look for candidate with proficiency in English with good reasoning abilities. You have to work hard in English Comprehension.		

Section II: SELECTION COMPARATOR

The graphs below show the minimum cut-off in each module every job profile (marked with solid blue lines). It also shows your AMCAT score, which is represented by a dot and connected through dotted lines. You can compare different job profiles cutoffs with your score to get an idea about how well or poorly you do with respect to each module for a given profile.

^{*} For some profiles personality scores have also been considered.

We hope you have read this Chapter seriously and plan to take next steps based on your interest and employability for different job profiles. We recommend the following action plan:

		INTEREST	
		HIGH	MEDIUM/LOW
oyability	нібн	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.
Emple	MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.

Work hard and you will soon be able to crack a job in a profile of your interest. The next chapter will provide some tips to you to improve yourself in different modules.

Chapter VI. IMPROVE YOUR EMPLOYABILITY

To be able to improve your employability you need to concentrate on improving your weak areas while maintaining your strengths. This chapter shall guide you to resources and a plan to do this. Based on your weak areas as enumerated in Chapter III and improvement areas for specific job profiles(discussed in Chapter V), you should take next steps to improve your employability. To do this effectively you need to pick the right books/resources/training for each area and spend a balanced amount of time on across subjects.

Our intelligent feedback system, based on your weaknesses and strengths has picked material to refer to and created a study time schedule. Both when used effectively can help you improve your employability substantially.

SECTION I: REFERENCES

Based on your AMCAT report, we have picked authoritative resources to help you improve. The references are custom generated for you according to your performance in AMCAT. These resources are free to access over the internet and should come handy in your endeavor to improve your employability.

SECTION II: SUGGESTED TIME SCHEDULE

Based on your performance, we have come up with a time schedule. By following this time schedule, you can ensure that you will continue to maintain your strong modules, while improve substantially in those that are lacking.

The pie chart below, tells you about how much time you should ideally be spending on different modules. Always remember, it is required to spend a fixed amount of time on all modules even though you might be strong in them. Perfection is said to come from continuous practice.

And for the modules in which you might be lagging a bit, there is always time for improvement. So just put your chin down and start working on them from today. It has to start somewhere, it has to start sometime. What better place than here, what better time than now?

We also provide you a time split for each section in the module. Based on your performance, we automatically adjust times so that you spend more time on weak sub-sections in a module and less in others. This is contrary to what students generally do! They keep doing questions which they are able to solve and do not attempt those which they find tough. To improve your weak areas, you just need to do the opposite. Spend more time preparing for weak areas, even if it takes more time to learn and practice it.

We hope that your performance analysis has helped you understand your strengths and weaknesses. Let us now understand what your next steps should be.

Chapter VII. NEXT STEP

Your AMCAT experience is still not over!

Assessment is a continuous process which does not end with just an evaluation. In fact this is just the beginning. You need to work hard to succeed in tests and interviews of companies and finally do wonders at the job.

During the next three weeks, you will be automatically enrolled in the AMCAT Job-Readiness Capsule to help you get closer to your dream company interview. We will interact with you on a regular basis via emails to guide you through the capsule and check your progress. We will send you SMSes with helpful tips, guidance and employability updates for the next 3 months. Make sure you not only read these SMSes, but also do the things they recommend. We will also guide you in making your resume and help you perform best at an interview. Make sure you regularly log into your myamcat.com account to make maximum use of these resources and tips.

Also, to make sure you receive the best job opportunities matching your profile, you need to keep your profile at myamcat.com upto date with your most recent information and contact details. Do not compromise here, lest you miss a desired interview opportunity!

We need your feedback

Throughout this report, we have provided you with feedback. We also look for your feedback!

It is our endeavor to continuously improve ourselves so that the user has a great test experience. Please contact us in case you have any feedback about the test or the test experience in general. Your valuable comments will help us in fixing the glitches, if any, in our system.

In case of any query, feedback or suggestion please log in to your myAMCAT account and fill up the form at www.myamcat.com/need-help.

A young man asked Socrates the secret to success. Socrates told the young man to meet him near the river the next morning. They met. Socrates asked the young man to walk with him toward the river. When the water got up to their neck, Socrates took the young man by surprise and ducked him into the water. The boy struggled to get out but Socrates was strong and kept him there until the boy started turning blue. Socrates pulled his head out of the water and the first thing the young man did was to gasp and take a deep breath of air. Socrates asked, 'What did you want the most when you were there?" The boy replied, "Air." Socrates said, "That is the secret to success. When you want success as badly as you wanted the air, then you will get it." There is no other secret.

A burning desire is the starting point of all accomplishment.

Just like a small fire cannot give much heat, a weak desire cannot produce great results...

F.No. 33-358/2017-NBA

Dated: 17-10-2018

To The Principal Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai.600044, Tamil Nadu

Subject: Accreditation status of programmes applied by Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu.

Sir,

This has reference to your application I.D. No. 2229-09/02/2017 seeking accreditation by National Board of Accreditation in Tier-II format to UG Engineering programs offered by Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu.

2. An Expert Team conducted on-site evaluation of the programs from 6th to 8th July, 2018. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Electrical & Electronics Engineering		Accredited		
2.	Computer Science & Engineering	Tier-II	Accredited	Academic Years 2018-2019 to	Accreditation status granted is valid for the period indicated in
3.	Mechanical Engineering	June 2015 Document	Accredited	2020-2021 i.e. upto 30-06-2021	Col.5 or till the program has the approval of the competent authority,
4.	Electronics and Communication Engineering		Accredited		whichever is earlier
5.	Information Technology		Accredited		

- 3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.
- 4. The programs have been granted accreditation for 3 years. Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible to be considered by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a revisit, as deemed appropriate by NBA Committees.

Juinte Co

Contd/...

- The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to Sri Sai Ram Institute of Technology, Sai Leo Nagar, Dharkast, West Tambaram, Chennai-600044, Tamil Nadu as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is programs accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.
- 6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.
- 7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.
- A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs are enclosed.
- 9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa) Member Secretary
